Campus Health Services

Campus Health Services (CHS) offers quality medical care to the UNC student community at a very low cost. CHS offers wellness and preventative care, care for injury, acute or chronic medical conditions, consultation and medical testing. To promote quality care, we are assigning every student their own primary care provider. If at all possible, you will see the same provider every time you come to the clinic. You may request to change your provider at any time, as you become better acquainted with our staff. We also refer patients to UNC Hospitals if more intensive care is needed.

Students may receive health care from CHS as a part of their student fees. Please review the information on https://campushealth.unc.edu/charges-insurance/campushealth-fee-and-chargespayments for a more comprehensive description of what is covered under the Campus Health Fee. A deductible is the amount you have to pay out-of-pocket before the insurance can cover the costs.

All eligible students enrolled in the UNC System Colleges and Universities, including UNC-Chapel Hill, are required to have health insurance coverage. The University of North Carolina offers a policy that meets minimum requirements. Details about the student health insurance plan are available at https://campushealth.unc.edu/chargesinsurance/mandatory-student-health-insurance

CHS also offers a variety of specialty services such as:

- Acute care/extended services
- Allergy injections
- Asthma care
- Bloodborne pathogen exposure/needle stick care
- Dermatology
- Diabetes care
- HIV testing
- Immunizations
- International travel clinic
- Laboratory
- Men’s health and women’s health
- Nutrition services
- Pharmacy
- Radiology
- Sexual assault response
- Sports medicine (including orthopedics and physical therapy)

Some of these specialty services will require a referral from a physician seen in Clinics I, II or III, and will incur an additional charge. Please review the information pertinent to these services.

UNC has a full-service pharmacy that handles prescriptions written by CHS physicians and carries most over-the-counter medications. Pharmacists are available for counseling about any medications dispensed at CHS. Most insurance plans are accepted.

CHS has a laboratory and a radiology department available to assist CHS physicians in further diagnosing and treating medical conditions. There are additional charges for these services.

Outdoor Recreation
With mountains, ocean and piedmont, North Carolina is rich in scenic and outdoor opportunities for picnickers, runners, campers, hikers, backpackers, boaters and climbers of all experience levels. Many state parks and recreational areas are within an hour’s drive of UNC, including Falls Lake, Jordan Lake, Umstead State Park, Eno River State Park and Occoneechee Mountain State Natural Area. To learn more about North Carolina’s State Parks, visit ncparks.gov. In addition to state parks, the North Carolina mountains contain 88 miles of the Appalachian Trail.

There are many greenways, parks and trails in the area for hiking, biking and running. Chapel Hill’s Department of Parks and Recreation has a great listing of parks and greenways in the town. The North Carolina Botanical Gardens, just south of campus, has 600 acres of nature trails, plants and aquatics.

In addition to Chapel Hill’s trails, Durham and Raleigh both have many great trails. The American Tobacco Trail is a 22-mile paved trail that crosses through Durham, Chatham and Wake counties. Sarah P. Duke Gardens and Duke Forest are other nice trails in Durham. Located on Duke University’s campus, Duke Gardens can be accessed by taking the Robertson Scholar Express Bus from Morehead Planetarium at UNC. In Raleigh, Capital Area Greenway Trail System provides many great greenway trails.
ESL Mini Courses
The Writing Center at UNC offers a variety of English as a Second Language (ESL) Mini-Courses. If you are a new student who speaks English as a second language, it is highly recommended you consider registering for the Writing Center’s mini-courses. These courses are free, non-credit courses designed to give incoming ESL graduate students the level of language support necessary for written and oral scholarly communication.

Academic Writing for Graduate Students: This 8-week course will provide an overview of academic writing at the graduate level, then focus on critical tasks in graduate writing: summarizing and critiquing scholarly sources, writing a literature review, and using sources appropriately to avoid plagiarism. Emphasis will be placed on disciplinary vocabulary development and advanced grammar.

Research Presentation Skills: This 5-week course will help non-native English speaking scholars prepare a presentation of their research for a conference, a class, or other presentation occasion. The course will focus on the language of effective presentations, with tips for engaging the audience, for keeping their attention, for managing questions and discussion periods, and general pronunciation feedback.

US English Pronunciation: This course will provide instruction on the phonetics of American English and will allow for ample practice time in pairs with English native speakers and in small groups. Lessons will focus on segmental units such as vowels and consonants as well as suprasegmental units including syllables, stress, and pitch.

Priority registration is reserved for new incoming graduate students. Continuing students are encouraged to register and will be enrolled in the courses as space is available. Course dates and registration information can be found here: writingcenter.unc.edu/esl/instruction/esl-mini-courses/
