Google's PhD engineers work on an incredibly wide variety of technologies and research areas. This session will review exactly how PhD engineering and research gets done at Google: the main focus areas, our current research opportunities, and the kinds of roles for which we're hiring.

Hear from two UNC PhD alumni Googlers, Jacob Bartel (Software Engineer) & John Palowitch (Data Scientist).

**PhD Info Session & Networking**

**When**
Thursday, February 21
5:30- 8:00pm

**Where**
FB141
UNC Chapel Hill
