Negative

To add insult to injury, for people who use the parking lot to "park and fly", the charge is \$7.95/day, almost half of what the hotel guests are charged!! **Cons - Hotel is spread out so pay attention to how to get to your room as you may get lost.**

Neutral

Stayed at this hotel because the park n fly. **We have stayed at this hotel several times in the family suite (2 bedrooms/1 king and 2 queen beds).** Despite the enormity of this hotel, it very much feels almost family run.

All staff members were friendly, accommodating, and helpful. The hotel and room were very clean. The room had modern charm and was nicely remodeled. The beds are extremely comfortable. The rooms are quite with wonderful beach views. The food at Hash, the restaurant in lobby, was fabulous. The location is great, very close to the beach. It's a longish walk to Santa Monica. The price is very affordable.

**CopyCat**

This hotel is in a great location, just off the beach. The staff was very friendly and helpful. We had a room with a view of the beach and ocean. The only problem was that our room was on the 4th floor with a view of the ocean. If you are looking for a nice place to sleep then this is the place for you.
